# SPRUNG SOUND STAGE SYSTEM

LEADING THE INDUSTRY

# YOUR NEW SOUND STAGE, BUILT IN 1/2 THE TIME AT 1/2 THE COST

Sprung Structures is poised to lead the film industry with the most cost-efficient sound stage in the world, without compromising on quality. The industry is experiencing a global shortage of sound stages. Discover the most advanced solution, built at a fraction of the time and cost.

Imagine your sound stage:

- Ready in as little as 6 months
- 1/2 the cost of a traditional build
- Unlimited custom lighting and set capacity
- Exceeds industry standards
- Options for a full sound stage campus

PREPARE FOR THE FUTURE

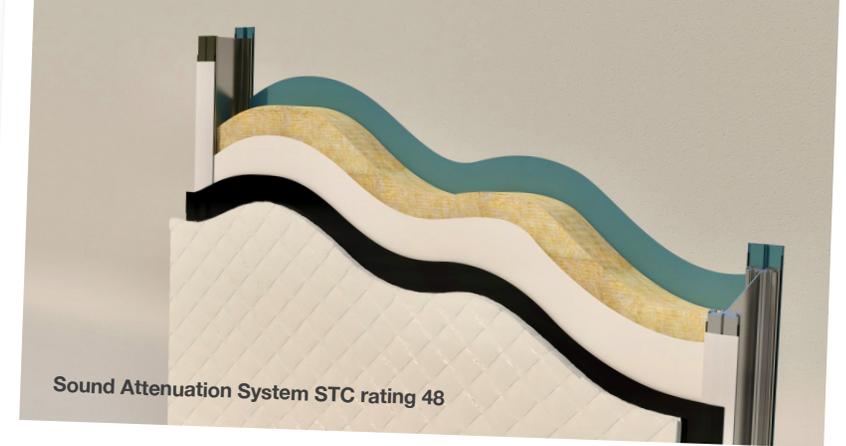

*“Sound stages have typically run at a utilization rate of about 70%. Today, many are running at close to 100%.”*

*– Carl Muhlstein, International Director, JLL*

COMPLETE FACILITY

# SUPPORT FOR PRODUCTIONS OF ANY SIZE

Gain efficiency with optional structures for everything a film crew needs, from transport and catering to makeup and props.

## EXCEEDS INDUSTRY STANDARDS

- Unique 4-layer sound attenuation system
- Minimum STC rating of 48
- Accessible loading areas
- Significant power supply
- Meets all HVAC and fire safety requirements

## THE VISION IS A REALITY

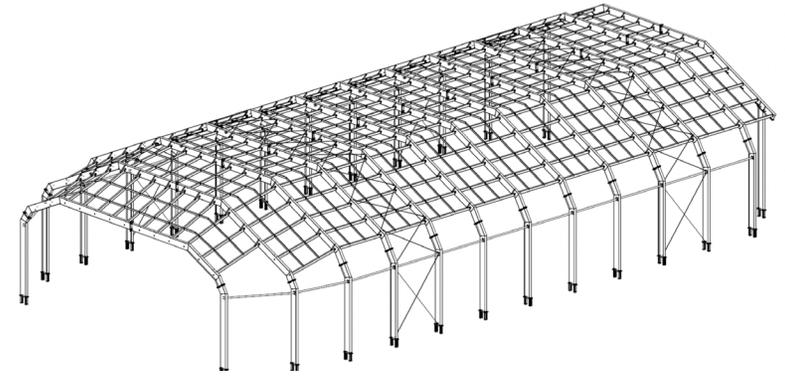

Sprung, in alliance with Pacifica Ventures and CRC Construction Group, recently built an industry-changing sound stage in Texas. At 22,000 square feet and with a 40-foot lighting grid, the new facility has already hosted Angel Studios' "The Chosen".

CUSTOMIZABLE

# KEY FEATURES

Our team is here to help you plan, customize, and budget for a faster and better way to build.

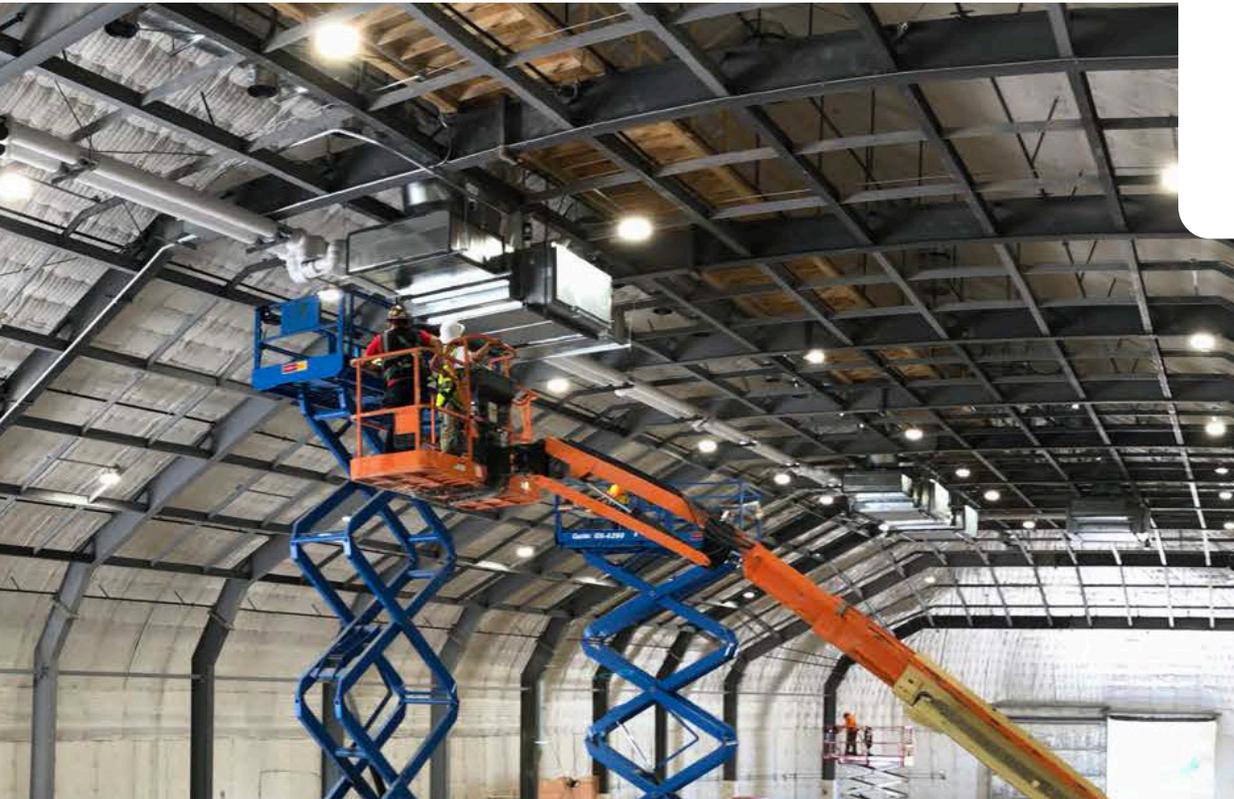

- Sound attenuation system with multi-layers for a STC rating of 48
- 40' lighting grids with more load-bearing capacity than standard lighting grids
- One stage, or multiple for turn-key, full-service film campus

Lighting grid concept

## CLEAR-SPAN INTERIOR

- Scalable to 24,000 sq. ft. or greater with stage adjacent production offices

A Faster  
Way to Build

## ABOUT SPRUNG

---

**The most innovative, versatile  
and reliable building solution.**

Sprung Structures has designed, engineered and built rapid-response buildings for over 130 years. We have created building solutions across multiple industries, including global armed forces, the natural resources industry, manufacturing, technology, education, healthcare, aviation, and sports and recreation.

Our patented tensioned membrane technology outperforms all other building alternatives with a faster, better build.

## SPRUNG SOUND STAGE SYSTEM

Let's talk about the design and  
cost for your custom sound stage.
